Niki's work primarily features images from Ceramica Transfers which is a business she owns, the designs sold by Ceramica Transfers are used by potters around the world.

I have been a member of the Kennisis Lake community for over 20 years. The beauty and experience of the area has provided inspiration for many pieces especially the local birds. Wood with its beautiful patterns and colours offered a natural background to feature local images, impressions and waterfowl from around Kennisis lake. I continue to paint and collage to create one-of-a-kind pieces that are printed onto fabric and sewn into decorative pillows and scarves. A 20 plus year career in design, courses at the Haliburton School of Art + Design and OCAD have reinforced my passion for colour, texture and simple compositions. I am a member of the Society of York Region Artists and have participated and received an Honourable Mention in juried art shows. **Email:** cmljones53@gmail.com

to promote arts education
opportunities by:***

- exposing students to a variety of art forms with in-class instruction by local artists;

– Razzamataz
Kids' Shows***

This year your donation helped to fund performances of The Old Man and the River, a show featuring beautifully designed puppets without words, performed along an enchanting musical score. This show was presented by Razzamataz Kids' Shows to 200 kindergarten children from Stuart Baker and Cardiff Elementary Schools. Additionally, the beginning and end of the show included performers engaging the audience in a participatory activity that got kids thinking, moving and playing along.

***Youth Scene Study –
