Is it time for you to get more involved in the KLCOA? Are you interested in volunteering and contributing to our lake community?

At the KLCOA's Annual Meeting in March 2027, we will be conducting director elections. All current directors wishing to continue serving the Board must stand for re-election, alongside any new candidates interested in getting involved.

We're particularly interested in…

Enthusiastic people with fresh ideas, energy and a genuine desire to make a difference in our lake community. Candidates with knowledge or experience in fisheries and invasive species, as well as those with expertise or a keen interest in government relations, community building and engaging the next generation of lake stewards.

What's required…

You must be a member. You need to be ready to roll up your sleeves – it's a two-year term. You can expect to participate in up to 10 meetings per year (most are virtual) and you can expect to lead and or participate on a least one program or initiative.
